

## GREAT WAR IN EAST AFRICA BOOK CLEARANCE - PRICE LIST – STEVE MANNERS.

I am slimming down my collection of books on WW1 and thought the best place to dispose of the African ones would be via the GWEAA.

The list contains modern reprints and a few older hardbacks, some of them collectors' items.

I have included a brief description where I feel it is appropriate but if you want more information, please contact me via [smafundi@yahoo.co.uk](mailto:smafundi@yahoo.co.uk)

HB hardback - PB paperback.

I am based in Hull in the UK and intend to restrict availability to UK buyers.

Postage will be determined by the size of the order. I will use the PO SECOND CLASS SIGNED FOR. Buyers will meet all postage costs. In the unlikely event that you live near me socially distanced collection will be available.

I have done a quick survey to establish my prices, but you may be able to find them cheaper with a more thorough search.

I will be using most of the funds generated to partly finance my large scale (1/24<sup>th</sup>) model of the Uganda railway in WW1.
